## Grade 11 response:

Having someone consistently around who is trained and trusted to have these conversations. It's not

a one stop fix. It must be ongoing.

have someone around 24/7 for the kids to talk to, have more therapists in our community not just someone thats here for once a week.

fun

nothing

We need more mental health workers and psychologists in my community. This way people get the help they need and release feelings of pain and anger in a more healthy way.

I think that people need to get more comfortable about talking about their feelings as some are afraid to come out due to the myths about depression. Professional counselling, relaxation massage (massage therapist)

to finish and become a police officer or a fire fighter.

because my parents tell me too. also I really wanna graduate.

to learn and make better choices to learn to graduate for my baby so I can get smart and try to finished school, and hopefully get a job. so I can learn and pass school.

## Grade 11 response:

Parents, education

to graduate and get the f\*\*k out of here.

my mom force me

my mom works here

I come to school to receive the education that I need to become successful and go to a college or university to become a teacher and help future students stay in school and on track in life.

to get my education and to further my education after I graduate.

# 15. Why are students dropping out? what can be done to help students stay in school and graduate?

Grade 4 response:

their choice and staying up late playing video games.making them learn fun stuff
they think school is boring
sick, dont like school, go to school every single day
I don't know
sick, boring for them at school
bullying
staying up too late
they think school is boring and that they know everything
they think school is boring
maybe they don't want to learn
they don't like to learn. not sure
too boring for them.
too boring for them.
they don't get enough sleep. reward programs
don't know

## Grade 5 response:

dropping out because they dont wanna be in school they don't like school. reward programs making them realize they need a job when they grow up staying up late probably things are getting harder for them. make them as comfortable not sure. let them know they need their education for employment i dont know because there tired of school because they dont like school

## Grade 6 response:

someone to help them with work every now and then
motivate them more
talking to them and make them think differently
mostly because teachers dont explain more and some are being rude
school is getting too hard for them
because of the games
i dont know
i dont know
work
i dont know
let them in even if there late , its better late then never
to much video games, come to school

## Grade 7 response:

#### them to come

#### Grade 8 response:

they tend to give up and stress home problem. try to help them, motivate them

difficulty in school, I don't know

some students drop out cause of drugs

school is hard and kids don't want to do any work, so many reason

give them a reason to stay

school is hard for them, make school easier

have faith in themselves and finish school and do what they want

I dont know

I don't know

## Grade 9 response:

less stress from teachers because they don't like school, encouragement

not getting enough help and they need more help with their work

too hard, help them to do better

I don't know

because they don't go to school

it could depression or something going on, get them help

## Grade 10 response:

motivate the students and get different principle

cause its to much work and little bit of time to hand it in

idk

apparently school is too boring and hard for them but school is not for fun but for learning.

drugs alcohol and lack of motivation

pay kids when they graduate, kids drop out cause they don't feel that there is a point of school and think they'll live of welfare

because they're lazy or sad and better support

they don't like waking up every morning and stuff like that

I don't know.

## Grade 11 response:

Because it's boring or have a hard time understanding what they're doing or don't have a ride. After

school sessions with teachers

because the education system we have is fucked, no one bothers to improve it. FIX THE SYSTEM AND BE KINDER TO STUDENTS WHO HAVE TROUBLE OPENING UP TO PEOPLE.

Nothing

just do ... nothing

Students are dropping out because they do not understand what they are doing in School which makes them feel stupid or not smart enough to stay in school. I think that more help from a tutor or teacher would help them stay in school.

students may be dropping out due to having difficulty understanding most of the things we are learning about as they barely go to school, I think that having it easy on drop outs would help them stay in school to graduate, help them understand more.
